

The name means “Rising of the Sun” and was derived from the breathtaking sunrises you can experience daily from the luxurious Oceanfront residences. Each of the condominiums feature expansive wraparound balconies where you can dine outside while listening to the waves and feeling the gentle ocean breeze. Floor-to-Ceiling windows in your Breakfast Nook overlooking the Ocean or your Dining Room Facing the Intracoastal allow you to dine inside while watching the dolphins play outside. Imagine soaking in your jetted tub in your luxurious master bath suite after a day in the beautiful Florida sunshine enjoying the various recreational activities that the Daytona Beach area has to offer. Salida del Sol is located in Daytona Beach Shores. Salida del Sol is south of the last mainland access and is very convenient to shopping, banks, restaurants, and interstate access.
